

THE HONORS AMBO

Events. Opportunities. Reminders.

Stay connected... stay involved!

JANUARY 13, 2014

VOL. II ISSUE 17

Dear Honors Students,

Welcome back to CUA! All of us here in the Honors Office hope that you had a restful Christmas break and that you are ready for the excitement and challenges of the new semester!

Did you have a unique, newsworthy experience over Christmas break? Perhaps you met your Congressman, traveled to Mount Rushmore, or, after hours of trial and error, finally solved a Rubik's cube. Send us your story, and we might feature you in our Student Corner!

Are you looking to get your Master's degree?

Go to an info session with the Department of Library and Information Science! Choose either an online session on Wednesday, January 15th at 12pm, or an open house session on Thursday, January 16th at 5:30pm in the Information Commons, 315 Columbus School of Law. They will both feature info about the Master's in Library and Information Science and the Master's in Health Information Technology, as well as the Bachelor's to Master's program, which allows qualified undergraduates to start taking Master's courses in their junior and senior years. For more info, please visit <http://lis.cua.edu/events/infosessions.cfm>.

Honors Evening: April 10, 2014

Help to make this a great event for our prospective students! Keep your eyes on your inbox for ways you can help to lead, coordinate, or host potential members of the class of 2018.

STUDENT CORNER

Audra Nakas ('15) has been studying abroad in Oxford for less than a week, but she was already quoted in the local newspaper, the Oxford Mail. Botley Road, one of the main streets through Oxford, is Audra's primary route into the city center. However, last week the city experienced some of its worst flooding in recent memory, and Botley Road was flooded and closed to traffic for several days. To see Audra's blurb about this unexpected entry into Oxford life, read the article in the Oxford Mail [here](#).

Attn: Freshmen Midyear Check-ins

All freshmen are required to schedule a meeting with Lisa Campbell within the coming month. Please see her email for more info.

GRADUATING SENIORS: Thinking about CUA for grad school? Work with the Honors Program!

Honors Program alumni (or soon-to-be alumni) are eligible to apply for the Honors Graduate Fellowship. Work 20hrs/week while enrolled in a CUA graduate program, and receive full tuition remission and a generous stipend. Deadline to apply: Feb. 15, 2014. Please email olson@cua.edu for more info.

A Penny for your Thoughts

Newton's First Law of Physics – An object at rest stays at rest and an object in motion stays in motion with the same speed and in the same direction unless acted upon by an unbalanced force.

Beginning your studies again may meet with some inertia. May a stimulating first day of classes will push you into motion!
